PROJECT & OPERATIONS MANAGER

Dubai, UAE | +971 58 598 4221 | requinasarah@gmail.com | linkedin.com/in/sarahrequina

PROFILE

Project & Operations Manager with 8+ years of cross-sector experience across events, healthcare, manufacturing, and consular administration. Skilled in stakeholder coordination, client and account management, vendor management, and operational process improvement, with experience working across on-site, hybrid, and remote environments and multiple time zones. Known for bringing structure to fast-moving, multi-stakeholder projects and keeping delivery on track from planning through execution.

PROFESSIONAL EXPERIENCE

Sr. Account Manager

2023 – 2025

Marshes Events LLC | Dubai, UAE | Events & Exhibitions

- Manage client accounts & project operations for exhibitions/event activations across the UAE, from initial briefing through delivery.
- Coordinate documentation, approvals, and commercial requirements alongside sales, design, and operations teams.
- Coordinate vendors, internal teams, and stakeholders across multiple concurrent event and exhibition projects.
- Support project reporting and operational performance reviews to keep delivery organized and on schedule.

Admin Coordinator / Executive Assistant

2023 – 2025

Consulate General of Panama | Dubai, UAE | Consular Operations

- Reviewed and coordinated maritime documentation for 500+ applicants and stakeholders monthly.
- Managed executive scheduling, correspondence, and priority tracking across daily consular operations.
- Designed and implemented digital tracking workflows using Google Workspace tools, increasing document processing capacity by more than 150% (from approximately 100 to 250+ cases).
- Coordinated with the Panama Maritime Authority and internal teams to keep documentation accurate, compliant, and on schedule.

Project Coordinator

2021 – 2023

Mena Labs Medical Laboratory LLC | Dubai & Abu Dhabi, UAE | Healthcare Operations

- Established operational workflows and systems for a newly launched high-volume healthcare facility during the COVID-19 period.
- Coordinated cross-functional teams supporting high-volume patient operations, scaling from launch to handling 2,000+ patients while maintaining operational efficiency.
- Led reporting, workforce planning, stock and inventory management, and operational coordination across multiple stakeholders.
- Maintained alignment between laboratory and corporate teams across the UAE.

Events & Project Jr. Manager

2019 – 2021

Smart Events LLC | Abu Dhabi, UAE | Events & Exhibitions

- Contributed to the delivery of Formula 1 Abu Dhabi Grand Prix, Ferrari World, and Warner Bros. World event experiences across three consecutive seasons.
- Coordinated vendors, operational teams, and stakeholders across multiple concurrent projects.
- Supported site operations, installation, and dismantling activities for live events and activations.
- Managed execution-critical details to keep quality, timelines, and client expectations on track.

Marketing & Project Specialist

2018 – 2019

Tsukiden Electronics Philippines Inc. | Philippines | Electronics Manufacturing

- Coordinated project lifecycles from client requirements through production planning and delivery.
- Served as primary point of contact between clients and cross-functional manufacturing teams (engineering, quality, planning, procurement, production).
- Facilitated project kick-off meetings, stakeholder alignment, and schedule tracking across multiple concurrent projects.
- Managed quotations, sales orders, procurement approvals, and project documentation to support execution.

KEY ACHIEVEMENTS

Formula 1 Event Operations

- Contributed to three consecutive Abu Dhabi Grand Prix seasons (2019–2021) through event coordination, site operations, and stakeholder management across 20+ vendors.

Consular Workflow Digitization

- Increased document processing capacity by more than 150% (approx. 100 to 250+ cases) by designing and implementing digital tracking workflows for the Consulate General of Panama.

Healthcare Operations at Scale

- Helped scale a newly launched healthcare facility from launch to 2,000+ patients served, coordinating workforce, reporting, and inventory during COVID-19 operations.

Cross-Industry Range

- Built project and operations experience across four industries — events, healthcare, manufacturing, and consular administration — over 8+ years.

EDUCATION

Bachelor of Science in Business Administration — Marketing Management

Polytechnic University of the Philippines | 2013 – 2017
